

CYLINDER CARRYING CASE

CALGAZ

CYLINDER CARRYING CASE

Model 584

The soft carrying case is designed to meet the service technician's requirement to carry several cylinders and regulators on his back while keeping both hands free.

The secondary compartment is ideal for storing additional regulators and tubing.

Approximate Dimensions

Height:- 465mm

Width:- 330mm

Depth:- 110mm

Recommended for use with the: 8AL, 2AL,6D, 7HP & 7EOC cylinders.
